Professor K P Singh

Vice-Chancellor

Chaudhary Charan Singh

Haryana Agricultural University, Hisar.

Department of Business Management, established in the year 1997, at CCS Haryana Agricultural University, Hisar has been a renowned name in the academic field having contributed for more than 21 years to the cause of excellence in business management education. I am glad to know that the Department is bringing out Training-cum-Placement Brochure for the year 2018-19. The department offers MBA (Agribusiness) and MBA(General). During 2017-18, Ph.D. (Agri-business) has also been started in the department. Every student of the department experiences the healthy synergy of academic brilliance, well read and caring faculty, warm and supportive social life.

In India there are enormous opportunities to do business especially related to agriculture. Concrete results can be achieved by application of managerial concepts, models and strategies at institutional and individual level. The importance of quality changes and value addition in agriculture has been very well realized at the level of producers, agri-prenuers, consumers and institutions which demand expertise and managerial skills in agribusiness.

I believe that the information provided in the brochure will be helpful to business organizations in providing summer training to previous year students and in selecting final year students of the Department for suitable placements. I am sure our students will prove an asset to the growth of the institutions they join. The industry will find them well equipped, both in theory and practical of latest business management tools and techniques.

I wish them all a great success in their future life.

(K P Singh)

Dr K. S. Grewal

Dean, College of Agriculture
Chaudhary Charan Singh
Haryana Agricultural University, Hisar.

I am greatly pleased to present you the batch of students of MBA of 2018-19 for industrial training and batch of 2017-18 for placement, who are ready to plunge into the corporate world equipped with the up-to-date knowledge and skills. The Department of Business Management takes pride to belong to a University which was ranked 76 in overall category according to NIRF (India Rankings 2018).

The Department of Business Management, was established in the University during the year 1996-97. The Department has contributed to Management Education through its full-time, residential, MBA course (Agribusiness and General Program) and Ph.D. programme in Agribusiness. It takes every care to mould each student for future responsibilities under able mentors. The emphasis is on building excellence and quality. Over the years the faculty and students of the department have displayed their creativity and capacity for sustained innovative ventures.

I take the pleasure in inviting the industry and recruiters to our campus. I am sure the talents and potential of our dear students will encourage the prospective employers to look for the right persons for the right positions among them. It would also enable various sections of stakeholders to familiarize them with the activities and achievements of the entire department.

I wish the students a bright future and great success in life.

Dr. K. S. Grewal

Dr D. S. Dahiya

Director Students' Welfare
Chaudhary Charan Singh
Haryana Agricultural University, Hisar.

It is a matter of pride that the Department of Business Management, CCS Haryana Agricultural University, Hisar is bringing out the Training-cum-Placement Brochure for the year 2018-19.

Agriculture is the backbone of the India and our prestigious university has produced number of renowned world famous scientists and researchers who contributed in the development agriculture in country. Agri-business is an emerging discipline as a career option for the students for their bright future. The time comes again for us to expose the best minds to the outer world that waits to test and absorb the talent radiating from every individual. I assure you that your expectations will not just be met, but will be surpassed substantially. There is a strong mutual linkage between Agribusiness, industrial and services sectors with positive impacts.

The dedicated and experienced faculty of Department of Business Management has produced skilled, talented and professional business managers. They equip the students with academic excellence and extra co-curricular activities for their overall development, so that they can face challenges of ever changing business world. Besides course work, the students are also exposed to e-commerce and ITC application in agriculture field.

I am sure that the students will come to the expectations and convey my best wishes for their bright future.

(D. S. Dahiya)

Dr Omender Sangwan

Assoc Director (C&P)
Directorate of Students' Welfare
Chaudhary Charan Singh
Haryana Agricultural University, Hisar.

Indian Agriculture sector has tremendous potential for Agri-business students. Nowa days multinational companies are taking keen interest in agriculture field. So in this context there is urgent need of professional business managers to meet the needs of agricultural input supply, agricultural production, commodity assembly and processing, and agricultural marketing organizations. CCS Haryana Agricultural University is running MBA (Agribusiness) and MBA (General) programmes. The sincere, talented and experienced faculty of Department of Business Management has produced skilled, talented and professional business mangers. The students of this department are performing well in all over the India. The faculty of the department build the students with academic excellence, co-curricular activities for their overall development and also exposed to e-commerce and ITC application to face the ever changing business opportunities.

Students Counseling and Placement Cell in the Directorate of Students' Welfare is engaged in ambitious programmes like trainings, career counselling sessions, workshops, motivational lectures and interactions to ameliorate the managerial, administrative, communicative, technical and self- employment oriented skills of the students. The centre in the Directorate of Students Welfare has been assigned four mandates viz., imparting trainings, placements, liaison with leading industries and guidance to university students.

I am very much sure that our students will come up to the expectations of the corporate sector. I wish them for their coming bright future.

(Omender Sangwan)

Dr. S.K. Goyal

Head of Department - Business Management
Chaudhary Charan Singh
Haryana Agricultural University, Hisar.

The faculty, staff and students of Department of Business Management join me in placing before you the Training-cum-Placement brochure for the year 2018-19.

The Department of Business Management was established in 1996-97 with a perspective of assisting all the stakeholders of the agribusiness for effective and efficient management of their concern. Presently, the Department is offering MBA (Agri-business), MBA (General) and Ph.D. (Agribusiness)

The department has well educated, experienced and dedicated faculty which is ever ready to help students. Beside classroom teaching, students are exposed to case studies, group discussions, industrial visits, assignments, presentations, etc. The department is well-equipped with all audio-visual aids like computers, LCD, OHP, etc. Almost all the students are very well placed in reputed companies and banks, both Indian and multinationals.

In my opinion, our students are well equipped to face challenges of ever changing business world. I sincerely hope that our students will come up to the expectations of companies and will prove to be an asset for any organization they join.

I wish all students a bright future and great success in life.

(S. K. Goyal)

The University

Chaudhary Charan Singh Haryana Agricultural University popularly known as HAU, is one of Asia's biggest agricultural universities, located at Hisar in the Indian state of Haryana. It is named after India's seventh Prime Minister, Chaudhary Charan Singh. It is a leader in agricultural research in India and contributed significantly to Green Revolution and White Revolution In India in the 1960s and 70s. It has a very large campus and has several research centres throughout the state of Haryana. It won the Indian Council of Agricultural Research's Award for the Best Institute in 1997 and Sardar Patel Outstanding ICAR Award-2016.

HAU was initially a campus of Punjab Agricultural University, Ludhiana. After the formation of Haryana in 1966, it became an autonomous institution on February 2, 1970 through a Presidential Ordinance, later ratified as Haryana and Punjab Agricultural Universities Act, 1970. A.L. Fletcher, the first Vice-Chancellor of the University, was instrumental in its initial growth.

The main campus is situated over 11239 acres of land, of which 736 acres are under buildings and roads and 10503 acres under farm. CCS HAU is a residential university with sprawling and lush green campus. The university has an excellent infrastructure to achieve its academic, research, extension education and social objectives. Apart from the buildings housing various colleges, the university has a well planned students' welfare and activities centre, named as Giri Centre. It is equipped with all modern facilities for indoor games. An impressive administrative block known as Fletcher Bhawan, a magnificent Nehru Library, an excellent Faculty Club, a fine Faculty House, a hospital to look after the university community, Farmers' Hostel, Community Centre, well furnished hostels for students, residential houses, Campus School and Shopping Complex are the other important features of the Campus at Hisar. The Indira Gandhi Auditorium is unmatched in its majesty and grace. The university has one college for Agricultural education at outstation located at Kaul (Kaithal) and one at Bawal (Mahendergarh) In addition, the university has 19 Krishi Vigyan Kendras and 7 Research Stations.

The university is proud of having created splendid Infrastructure. The teaching and research facilities available in this university are comparable to any institution in any advanced country. The network of Krishi Vigyan Kendras set up by this University has earned admiration for its uniqueness and effective farmer service. It acts as a channel for the transfer of technology from the laboratory to the farmers. It is the devotion and hard work of the faculty and staff, vision and prudence of the university management, financial and moral support extended unhesitatingly by the State Government and Indian Council of Agricultural Research that has enabled the university to stand towering amongst its sister Institutions in the country. Haryana, being a deficit state earlier, is now contributing about 31% to the national food reserve. The wheat production has increased six times, rice eight times, cotton three times and oilseeds five times. Needless to say that this university plays a significant role in ushering the silent revolution in good production in the State of Haryana in particular, and India in general.

CCS Haryana Agricultural University decided to establish IPR Cell in Directorate of Human Resource Management in 2005 and signed MOU with Michigan State University, USA to develop capacity in "Intellectual Property management" to boost the research and development pursuits of the university. Consequently the IPR Cell under US Agriculture Knowledge Initiative (AKI) programme created Nationwide awareness among the scientists at CCS HAU and also other parts of the country.

The University has been accredited by the ICAR for its excellence in teaching, research and extension. The University has collaborative programmes with the ICAR and other National and International Institutes in the areas of education and research where post-graduate students can take up their advanced studies of research for their Master's and Ph. D. Programmes and completing their course work at University.

The University is on march to great and promising future. It won the ICAR award for the best institute in 1997. The academic curriculum have been updated to keep pace with the scientific and technological advancement. The university will continue to make great strides in the service of society.

College of Agriculture

Mission

To produce quality human resource through multi-disciplinary approach to learning and discovery in the field of agriculture . To enhance the agricultural productivity and environmental sustain ability through applied research so as to bring improvement in the lives of all stakeholders.

College of Agriculture is the largest college of Chaudhary Charan Singh Haryana Agricultural University, Hisar. It was established in 1962 as one of the constituent colleges of Punjab Agricultural University, Ludhiana. It became the integral part of Haryana Agricultural University, Hisar with its creation on February 2, 1970 and registered tremendous progress in last 50 years in terms of generation of innovative technologies, development of human resource, teaching, research, dissemination of knowledge to the end users and infrastructure facilities. The mandates of college are: i) To impart education in agriculture and allied sciences. ii) To generate the technologies and techniques for crops improvement, production and protection. iii) To disseminate agricultural technologies to farmers and stakeholders for their upliftment. The college has served the causes of

society and science with distinction through development of human resource, appropriate agricultural technologies and techniques and their dissemination. It has played an important role in socio economic upliftment of rural masses of state by developing several high yielding varieties/hybrids of field and horticultural crops.

College of agriculture offers B.Sc. (Hons.) Agri., 4-year programme with an intake capacity of 105 students at Hisar, 25 students at College of Agriculture, Kaul (Kaithal) which was established in 1972 and 25 students at College of Agriculture, Bawal (Mahendergarh) which was established from academic session 2015-16. College of Agriculture at Hisar has also started B.Sc. (Hons.) Agri., 6-year programme from academic session 2011-12 with an intake capacity of 50 students. Course catalogue is revised time to time to lay major emphasis on experiential learning with several options of choosing specializations.

The College has fourteen Departments, viz, Agricultural Economics, Agricultural Meteorology, Agronomy, Business Management, Entomology, Extension Education, Forestry, Genetics & Plant Breeding, Horticulture, Nematology, Plant Pathology, Soil Science, Seed Science & Technology and Vegetable Science. Every department offers M.Sc. and Ph.D. in Agriculture with several specializations. Department of Business Management offers degrees in MBA (Agribusiness) and MBA (General). The department has also started Ph.D (Agribusiness) from the session i.e. 2017-18.

The students have access to modern computerized central library (Nehru Library) with well stocked books, journals, digital library with CD ROM and E-Journals. It has been a continuous endeavor to impart contemporary knowledge and techniques besides inculcating the character, professionalism and progressive attitude in students. Post graduate students are exposed to Workshops, Seminars, Symposia, Conferences etc. for enriching their knowledge and awareness on current issues and students get an opportunity to get inspired from eminent personalities in the field of agriculture.

The Department

The Department of Business Management was established in 1996-97 with a single programme leading to MBA degree. Ever since its inception the department is making efforts to prove its worth in terms of producing employable graduates. As a result, it has made its mark in the industrial as well as academic community. Almost all the students are well placed in both Indian and multinational companies.

The Department of Business Management is presently offering two management programmes, namely, MBA (General) and MBA (Agri-business). Thirty students join the department as per the admission process of Haryana State Counseling Society and 8 seats are filled through ICAR National Level admission process. MBA (Agri-business) programme is offered to Agricultural graduates who join after 4 year graduation degree. MBA (General) programme, however is open to graduates of any discipline. The department has also started Ph.D (Agribusiness) from the session i.e. 2017-18.

The main emphasis of the department is to develop disciplined, dedicated, innovative and efficient managers for complete involvement in managerial affairs for decision making and problem solving in organizations. The department has dedicated faculty in the core areas of management i.e. agri-business, finance, marketing and HRM. Eminent scholars, educationists and professionals from industry are invited to visit the department as visiting faculty from time to time.

Objectives of department are :

1. To develop business temperament and orientation in students.
2. To assist the business world by providing it the thoughtful learned and knowledgeable managers of future.
3. To cultivate skills of analyzing the complex business situation in students through case studies and presentations.
4. To provide students with practical knowledge about corporate world through seminars, summer training, research projects, industrial tours, presentations, event management opportunities etc.

The Department is well equipped with all modern teaching aids to augment the teaching capability of the teachers. Well educated, experienced and dedicated faculty toil hard to impart knowledge of contemporary management principles and concept through lectures, case studies, role plays etc. The Department also has a dedicated ISDN line and Video-conferencing facility.

Department of Business Management

- Note :
- The course code ABM will be for MBA (Agri-Business) and MGT will be for MBA (General) programmes, respectively. Each course will be of 100 marks (75 external and 25 internal) except ABM/MGT595
 - *All students will go for 6-8 week practical summer training in companies after completion of the first year second semester. Students have to present and submit the training report to the Department in the beginning of first semester of second year which will be evaluated internally.

Infrastructure Facilities

The department functions in a spacious, airy and well built building situated in the heart of the campus. The class rooms are well equipped with overhead & LCD projectors and other modern audio video gadgets. The department also has an internet facility.

Industrial Training

All the students are required to undertake 6-8 weeks practical training in an industry during the summer vacations after second semester and a training report is required to be submitted & presented in the 2nd year of the programme. The report is evaluated by the faculty members of the department after getting satisfactory report from the concerned company.

Industrial Visits

With a view to give an exposure to operational activities and practical problems being faced by the organizations, visits to different organizations/ Industries are arranged. Provisions are made for industrial visits from time to time to the different organizations situated in various parts of India. In past our students have visited Chada Seed Farm, Indo-dutch Horticultural Project, Parle Biscuit Pvt. Ltd., Paras Frozen Foods Ltd., Hero Honda, HMT, HPMC, Milk Time, HSDC, HAIC Jindal Strips, DCM Textiles, Hisar IDPL, BHEL, etc.

Student Activities

The students are encouraged to demonstrate and cultivate their industrial skills and talents. They organize picnics, tours, quizzes, exhibitions, art and cultural activities like drama and singing programmes to enhance managerial capabilities. Personal development programmes are also organized.

The Faculty at a Glance
