# Vice Chancellor's Message

“We have designed the Graduate Programme very carefully to develop our students into global organizational leaders”

## VISION

To be an international centre of excellence in all aspects of Agriculture education.

## OVERALL MISSION

The mission of the Institute is to develop innovative and ethical future leaders capable of managing change and transformation in a globally competitive environment and to advance the theory and practice of management. I am confident that with the inputs gained from the courses taken as a part of this programme the students would be able to play leadership roles and contribute significantly to the growth and development of their organizations.

## Dear Recruiter,

Any talk of holistic development of the country is incomplete without development of agricultural sector. The importance of agriculture for the country can be gauged by the fact that this sector employs about 55% of the total work force of the country. Agricultural sector's contribution to national GDP has progressively decreased and currently stands at 17%, which implies that revolutionary measures are needed to improve efficiency as well as productivity to cope with the challenges of 21<sup>st</sup> century.

To remain competitive and vibrant in post liberalization global economy, we need a rapid switch over from traditional subsistence based farming to a commercial market-driven tech-savvy agriculture with particular stress on low production cost and high quality produce. In order to facilitate this phenomenal shift, the need of the hour is farm mechanization, efficient resource utilization and better management skills.

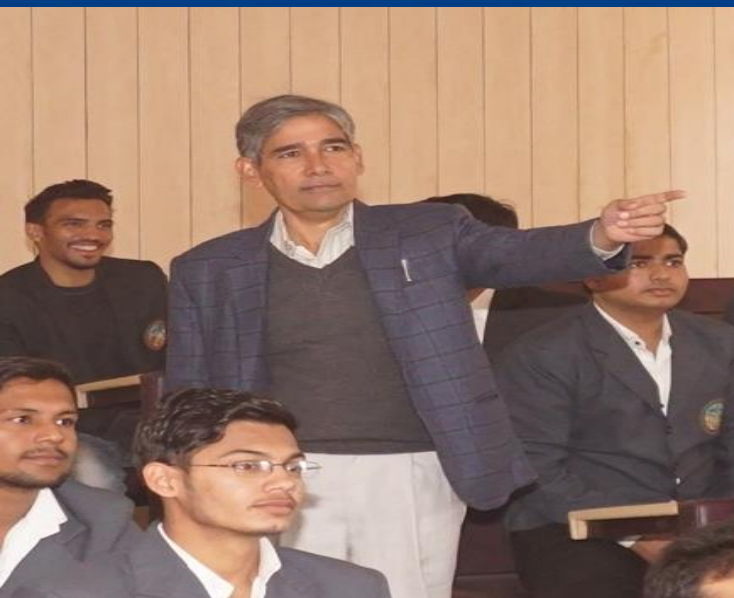

All this makes agricultural sector to be the most exciting and challenging one, for both the professionals as well as entrepreneurs. To engineer the next green revolution in the country and ensure sustainable agricultural growth and fulfilling the increasing demand of technocrats, the university has responded by establishing the College of Agricultural Engineering & Technology (COAE&T). The University with its excellent infrastructural facilities and dedicated team of educators is striving hard to imbibe core skills, moral values, high aptitude and management abilities among its students for overall development of agricultural sector.

The Students are ready to impress executives from the leading agricultural business organizations through campus recruitment activities. I am quite confident that our students will prove their mettle when it comes to face the challenges of modern agricultural world. Wishing the students a bright future.

Professor K. P. Singh  
Vice-Chancellor

# Dean's Message

*“COAE&T provides a caring and supportive environment with a balanced blend of academic expertise and practical experience.”*

## Dear Recruiter,

College of Agricultural Engineering & Technology, CCS Haryana Agricultural University, Hisar is dedicated to students' service and excellence in education including experiential learning and industrial training. Well planned course structure and curriculum is designed to offer an opportunity to enhance their knowledge and skills to face the present ambitions of the industry. Moreover, for skill and leadership development, the Institute has developed linkage and continuous interaction with prestigious companies and organizations engaged in agri-business. Knowledge enhancement through quality and commitment is the motto of this institution. Faculty of Agricultural Engineering is supported with vast infrastructure facilities at CCS Haryana Agricultural University, having well equipped ultra-modern laboratory facilities to impart practical training in precision agriculture, latest agricultural machinery, farm machinery testing, modern irrigation and drainage technology, agro-processing, post-harvest technology, new & renewable energy etc.

In brief, our students are best prepared to tackle the emerging task of agricultural development and sustainability in coming times. Our firm belief in quality and need based learning has developed special relationship between the students and the institution. Highly qualified academicians have prepared a ground for young minds to uphold their potentialities and bring out the excellence in them. Due importance is also given to extra-curricular activities with a focus on over-all development of the students. Sports, National Cadet Corps and National Service Scheme are a part of the curriculum to prepare the future leaders ready to tackle all sorts of challenges in one's life. The college provides its students learning and living experience and assists them in creating a niche for themselves in this challenging world.

Today, more than ever, human beings rely on the value of knowledge and wisdom. They are reaping the benefits by employing modern science and technology tools to solve the problems. Our students will be an asset to any

organization ready to reap the benefits of innovation in agricultural engineering. Our aim is to active organization/entrepreneurs in identifying the individuals, best situated to their needs and developing a successful recruitment relationship.

My heartiest wishes for their successful career.

Dr. R.K. Jhorar  
Dean

# DSW's Message

*“At COAE&T, we are committed to unearth the hidden potential of each of our student. The successful lives, smiling faces and wonderful careers of our students is our religion and our ultimate prayer”*

## Dear Recruiter,

It is a matter of great pleasure to know that College of Agricultural Engineering & Technology, CCS Haryana Agricultural University, Hisar is bringing out the regular placement brochure.

In the present era, economic and social Infrastructures are greatly needed for the development of a nation. Energy, transport system, agriculture, communications, banking, finance, insurance, science & technology etc. are included in the economic infrastructure while social infrastructure consists of education and health care amenities like water supply, sanitation, housing etc. The former directly supports the process of production and distribution in the economy while the latter supports the economic system indirectly. In the process of economic growth the citizens are required to develop various abilities and skills in them, which warrant investment in human

resource. Such investment as human capital resource is the process of Increasing knowledge skills and capabilities of the people of the country and implies the expansion of education in a country.

Agricultural Engineers have the capacity to perform task pertaining to planning, supervising and managing the building of the dairy effluent schemes, irrigation system, farm machinery manufacturing and management, drainage, flood and water control systems, environmental impact assessment, agriculture product processing and implement relevant practices. A large percentage of our engineering graduates work in public sector departments while others work as consultants in private engineering firms.

The students' counseling and placement cell of the Directorate of Students Welfare plays a pivotal role

to build, sharpen and enhance the all-round skill of the students for developing their personality through various training programmes including skill improvement, job oriented trainings, computer related trainings and civil service examinations etc. Trainings are imparted through modern techniques like multimedia, computer based and other interactive methods.

I am happy to know that the College of Agricultural Engineering & Technology, CCS Haryana Agricultural University, Hisar is putting full efforts to enhance the capabilities of our engineering students by providing practical knowledge through seminars, summer trainings, projects, industrial tours and presentations etc. I wish our engineering graduates a bright future and great success in life.

All the best.

Dr. Dharampal Nandal  
Directorate of Students Welfare

# ADSW's Message

*“The Students of COAE&T are ambitious and youthful group of innovative technologists who will carve a niche for themselves in the world of technology by the virtue of their zeal for excellence and hard work”*

## Dear Recruiter,

Providing quality education to the graduates is the most important mandate of any university, more so, that of an agricultural university. It is perhaps even more important to give the students a greater degree of exposure to the current national and international situations *vis-à-vis* prospects and possibilities of landing a career befitting their qualification, needs and aspiration. In the recent times, the world of engineering force has undergone a sea change. The placement opportunities in public/private sector are very competitive. In an effort to increase the job ability of university graduates, our organization is training the students in various fields of agricultural engineering.

Besides providing information on employment opportunities, the C&P Cell keeps the students abreast of various courses, admission procedures, fellowships, financial

assistance etc. available for higher studies in India and abroad. Information on different competitive examinations (Civil Services etc.) by various public service commissions is also provided to the students. For that matter capsule/condense courses are organized periodically by C&P Cell in the Directorate of Students Welfare for the students. They are also acquainted with the facilities and incentives available with various departments under self-employment promotion programmes. A fortnightly magazine 'Career Bulletin' carrying such information is published regularly by C&P Cell.

The dual purpose of university industry linkage has been to ascertain the needs of the industry & prepare the students accordingly and placement of the students in these industries. Various organizations from the public/private sector have been visiting the University for Campus Interviews on regular basis and a

large number of graduates/postgraduates has got their placement through these interviews. These organizations in the private/public sector include tractor industries, irrigation companies and other agricultural based industries etc. The students have also joined govt. sector jobs in various departments of Haryana as well as India. At present the university is in touch with more than 100 companies and has been inviting these companies for campus interviews for placement of the students. This process goes on unabated. Interface discussion of students with industry executives has been started as a regular feature.

I wish agricultural engineering students a brilliant future. I am sure the students will prove to be an asset to the organization, they join after completion of the degree programme.

Dr. Devender Singh Dahiya  
Assoc Director (C&P)

# Placement Co-ordinators

“It is an honour for us to invite the recruiting corporates for the campus placement and we are confident that you will leave the campus equally privileged.”

We are pleased to welcome you to the campus of CCS Haryana Agricultural University, for the recruitment process of Agricultural Engineers graduating in 2014. We feel it to be an honour and privilege to present you a group of young, vibrant individuals. Our students are potential technocrats, managers & leaders in their chosen fields of activity across different sectors & industries.

Our faculty has groomed these young engineers with great care, ensuring that the best available inputs and the latest technology have gone into the process with the core of the course lying in agricultural engineering. Students have also been exposed to a variety of general engineering subjects including mechanical, civil, electrical, electronics, computer and management techniques.

The rigorous academic curriculum supported with co-curricular activities has equipped the students with the professional and personal skills to excel in whichever sector they choose to work for. This further enables them to adapt to various challenging situations with confidence. There is no doubt in our mind that they will surpass all expectations when it comes to fulfilling your organizational objectives.

Once again, we welcome your organization to the campus of CCSHAU for the recruitment of the graduating students of agricultural engineering. We are sure, your presence at our campus will be of immense mutual benefit.

**Dr D.K. Sharma, Dr. S. Mukesh Jain**

*Placement Co-ordinators*

# Student Placement Co-ordinators

“This is learning in the business life that first of all you need to have commitment, dedication and passion for what you are doing.”

COAE&T has proved to be the most preferred destination for aspiring technologists from across the country. The institute consistently attracts the finest faculty and the best of students for its Bachelors programmes. COAE&T has a rich tradition of pursuing excellence and has continually re-invented itself in terms of academic programmes and research infrastructure. Students are exposed to challenging research based academics and a host of sport, cultural and organizational activities on its vibrant campus. The presence of world class facilities, vigorous institute-industry collaborations, international exchange programs, interdisciplinary research collaborations and industrial training opportunities help students of COAE&T to excel and be ahead in the competitive professional environment.

We highly value our partnership with recruiters, alumni and friends of COAE&T and remain committed to making your recruiting experience productive and positive. We invite the recruiting organizations to find the best match between their needs and capabilities.

**Pranav Mishra, Ramandeep Khatkar, Ritu**  
*Student Placement Co-ordinators*

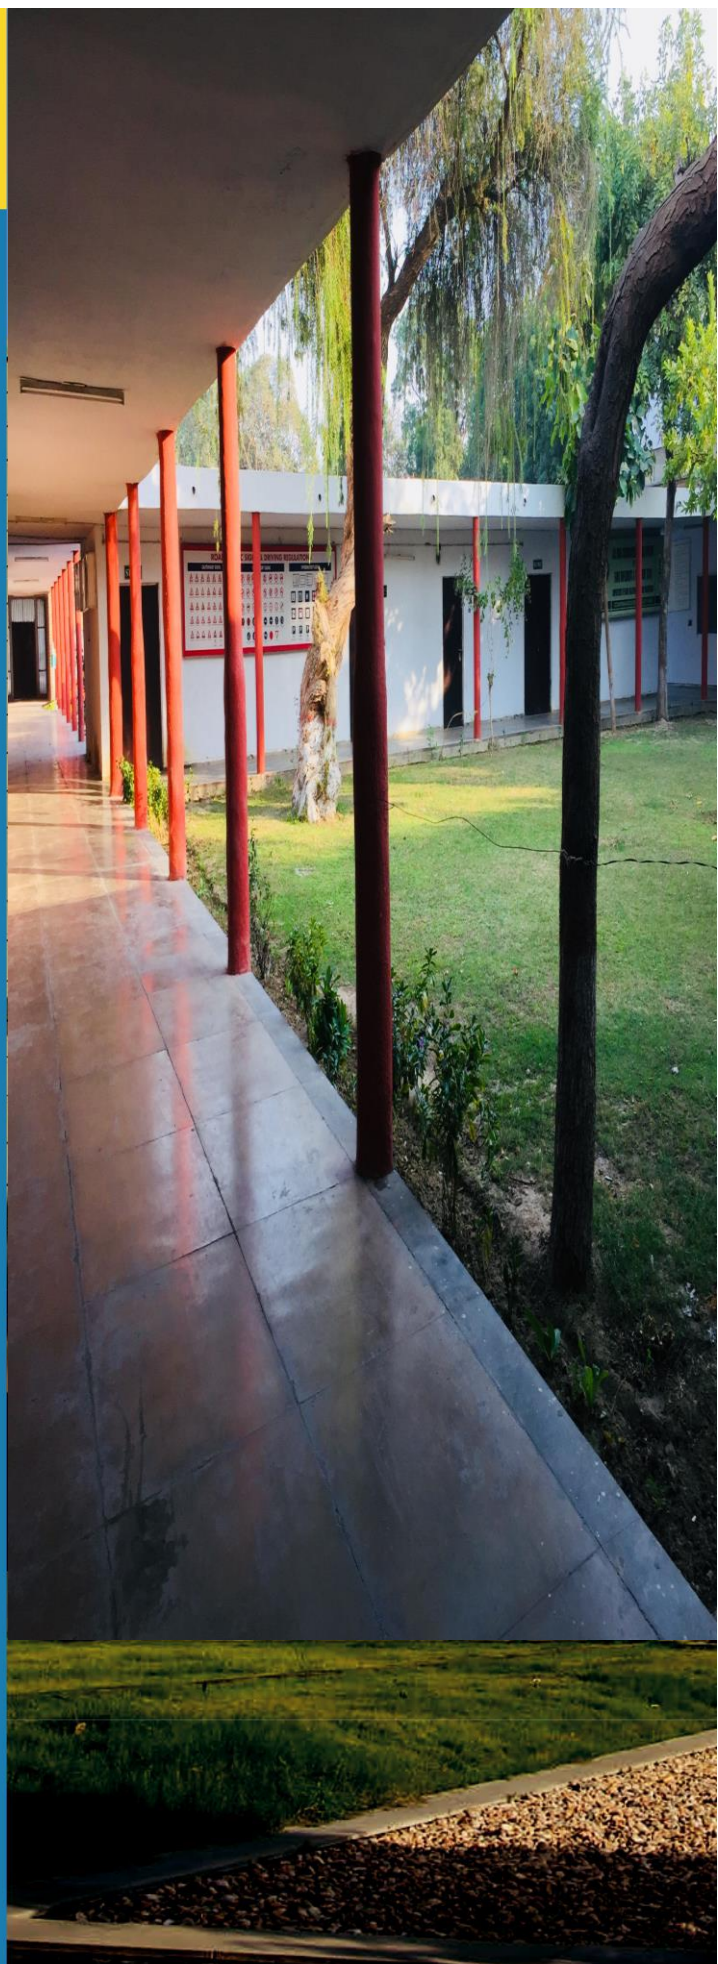

# The Institute

The College of Agricultural Engineering and Technology (COAE&T) is located in main campus of the CCS Haryana Agricultural University which is situated at Hisar at a distance of 170 km from Delhi on National Highway No.10 and is 2 km from the Railway Station and 3 km from the Bus Stand Hisar. The undergraduate Programme of B. Tech. (Agricultural Engineering) was approved vide agenda item NO. BB-12 in 250th meeting of Academic Council held on June 11, 1987.

The admission to the UG programme started in August 1987 in the Department of Agricultural Engineering and Technology under College of Agriculture with an intake of 20 students. Thereafter, the College of Agricultural Engineering and Technology was established after the Approval in 142nd meeting of Board of Management held on March 24, 1992 (vide agenda item No. B-26) at Haryana Secretariat, Chandigarh and was inaugurated on 21st August, 1992. Subsequently, two departments namely Farm Power & Machinery and Soil & Water Engineering were established in the year 1993 and the College started awarding Master of Technology (Agril. Engg.) in the above departments. Later on, another department of Agricultural Processing & Energy was created in August 1996 and M.Tech. was started in Agricultural Processing & Food Engineering with 3 seats in each department. The section of Basic Engineering was created in October 1996 to cater the needs of UG and PG students of the college. The annual intake capacity for undergraduate programme increased gradually from 20 to 54 students in 2010 including ICAR quota admission.

The two departments were renamed in September 2010 as Farm Machinery & Power Engineering and Processing & Food Engineering from academic year 2010-11 as Recommended by 4th Dean's Committee of ICAR and Approved by Academic Council of the University. In year 2013-14, the seats were reduced from 54 to 35 for the B. Tech. admission to increase personal attention and to concentrate on practical training of the individual student.

The syllabi and the curricula are being constantly Updated as per ICAR recommendations. In the design of the course curriculum, a great emphasis is laid on the practical aspect, project work, practical training and learning by doing.

Students all over the world are here from ICAR (India & International) & JEE mains eventually secured admission.

---

*“Develop a passion for learning. If you do, you will never cease to grow.”*

*Anthony J. D'Angelo*

# A Comprehensive Curriculum

**COAE&T** has played a pioneering role in the introduction of innovative courses in its flagship BTech program. Every year, new courses are introduced, and changes made in current courses, to keep students in sync with the latest developments in the field of Agriculture education. It is hardly surprising, then, that COAE&T offers the maximum number of elective courses in its BTech program, giving students a huge variety of courses to choose from, depending on their interests and career plans. COAE&T has also been at the forefront of executive education for more than last three decades and has been widely acclaimed for various customized programs it has introduced based on its front line teaching, research and experience. The Institute has made sure that the various education programs remain relevant, and are able to meet the changing needs of Agriculture organizations and their functional managers. It is for nothing that recruiters have reposed their greatest confidence in COAE&T students, year after year.

Academic Qualification	University/Board	Year of Passing	% of Marks/OGPA
B.Tech (Agri.Engg.)	CCSHAU (Hisar)	2018	6.42 (upto 6 <sup>th</sup> sem.)
12 <sup>TH</sup>	CBSE	2013	81.8
10 <sup>TH</sup>	CBSE	2011	9.4

## Professional Qualification

- Successfully completed training on *Agriculture Machinery* from **Northern Region Farm Machinery Training & Testing Institute** (Tractor Nagar, Hisar) from 04/07/16 to 27/0/16.
- Successfully completed training on Operation/maintenance of Agro-Processing Equipment/ Technologies, Agriculture Energy & Power, Irrigation & and Drainage Engineering from **ICAR – Central institute of Agriculture Engineering** (Bhopal) from 1/07/17 to 31/07/17.

## Computer Literacy

- Good working knowledge of computer basic.
- Good knowledge of MS Office.

## Achievements

- Participated in High Altitude Trekking At Saraumga Pass (16500 ft) in Himachal Pradesh from 28/06/15 to 07/07/15.

## Extra-Curricular Activities

- Active NSS Volunteer.
- Donated blood.
- Active volunteer of Intensified Pulse Polio Immunization Campaign.
- Actively participated in Table Tennis and Volley ball.

12 <sup>TH</sup>	HBSE	2013	84.4
10 <sup>TH</sup>	HBSE	2011	87.8

#### Professional Qualification

- Four weeks training at Farm Implements and Machinery Testing and Training Centre Central Workshop (SKRAU)- Bikaner, Rajasthan
- One Month Training in Service and Training Department of CNH Industrial (India) Pvt. Ltd, Greater Noida

#### Computer Literacy

- Basic knowledge of MS OFFICE, WEB DESIGNING, INTERNET, C++.

#### Achievements

- Participated in 17<sup>th</sup> All India Agricultural Universities Sports & Games Meet, 2016-17 CCS Haryana Agricultural University, Hisar.
- Participated in Golden Jubilee Celebrations and Regional Conference on Space Technology For Sustainable Development 21-22 March, 2017.
- Participated in 16<sup>th</sup> All India Agricultural Universities Youth Festival- Agri. Unifest, 2015-16, (OUA&T), Bhubaneswar, Orissa.
- Participated in 17<sup>th</sup> All India Inter Agricultural Universities Youth Festival- Agri. Unifest 2016-17 (RJUVAS), BIKANER, RAJASTHAN.
- First Price in Inter Collage Championship in Hockey-2015-16, CCS HAU, HISAR.
- Received a Certificate of 'Basic Water Sports Camp' held at Pong Dam (H.P.) from 22-25 oct. 2015.
- Received a Appreciation Certificate of Shri. Vishwakarma Education Trust Sirsa, (Haryana).
- Participated in The Haryana State Bharat Scouts & Guide, 13-17 Nov. 2008, Sirsa, Haryana.

#### Extra-Curricular Activities

- Attended seven days Annual NSS Camp at Chandan Nagar (Hisar).
- Volunteer ship in 51<sup>st</sup> Annual Convention of India Society of Agricultural Engineers and National Symposium.
- Participated in Pulse Polio Immunization Campaign.
- Active NSS Volunteer for two years.
- Participated in Blood Donation Camp.
- Active Member of Mountaineering Club.

# UNIVERSITY INFRASTRUCTURE

**Fletcher Bhavan (Administrative Block)**

**Library & IG Auditorium**

# LAB FACILITIES

**Computer Lab**

**Soil & Water Engineering Lab**

**Agro Processing Lab**

**Engineering Workshop**

**Practical Class**

**Farm Machinery Yard**

# Past Recruiters

The College has developed a strong linkage with the industry. This has resulted in the placement of students for Summer Training and Final placement in the following Govt./ PSU/ Private industries and institutions.

## Institute-Linkages

- Central Farm Machinery Training & Testing Institute, Budni (MP)
- Central Institute of Agricultural Engineering, Bhopal (MP)
- Central Institute of Post-Harvest Engineering & Technology, Ludhiana (Punjab)
- National Dairy Research Institute, Karnal (Haryana)
- National Seeds Corporation, New Delhi
- Northern Regional Farm Machinery Training & Testing Institute, Hisar (Haryana)
- Southern Region Farm Machinery Training & Testing Institute, Garladinne, Anantpur (AP)

## Past Recruiters

- Escorts Ltd., Faridabad
- Eicher Tractors Ltd, Faridabad
- International Tractors Ltd., Hoshiarpur
- John Deere Ltd., Pune
- New Holland Tractors, Greater Noida, UP
- Preet Tractors Ltd., Nabha, Patiala
- Texmo Industries, Coimbatore (TN)
- CLAAS India Ltd, Faridabad
- ACE Tractors Ltd., Faridabad
- Mahindra & Mahindra Ltd., Mumbai
- Beri Udyog Ltd, Karnal
- Jain Irrigation Systems Ltd., Jalgaon
- Nestle India Ltd., Gurgaon
- Vishwakarma Engg. Works, Tohana

# Cultural Activities

# NSS & NCC

# ISAE CONVENTION

Vice Chancellor with Honourable Governor of Haryana Prof. Kaptan Singh Solanki

# Sports & Games

# Miscellaneous

**Recruited Students by International Tractors Ltd. (Sonalika Tractors)**
